#2 ALETA PLANET

Aleta Planet is a Singapore-founded global fintech company that provides cross-border payment, remittance, card issuance, merchant acquisition, and multi-currency payment solutions to businesses worldwide. It helps companies simplify international transactions through its proprietary payment infrastructure, enabling secure, efficient, and transparent payments across multiple markets. Licensed as a Major Payment Institution by the Monetary Authority of Singapore (MAS) and a Visa Principal Member, Aleta Planet supports businesses in expanding globally through integrated payment and embedded finance solutions.

Job Positions	Pre-requisites	Working Hours / Location
1. Business Service and Solution (Assistant Manager)	Job Description: - Independently manage follow-through on assigned co-brand Visa card issuance projects and account opening cases. - Keep client implementation timelines on track - Coordinate account-opening documentation and compliance requirements - Support remittance account servicing - Liaise with Products and Operations to resolve issues - Prepare management updates and handle multiple concurrent cases as business needs shift.	5 days 9am to 6pm - Orchard Road

Job Positions	Pre-requisites	Working Hours / Location
	Job Requirement: - Diploma or above; 2–4 years of experience in operations, client services or business support, with fintech/payments an advantage. - Able to multitask and work independently on routine follow-through; entrepreneurial and comfortable with ambiguity in a fast-changing environment. - Good communication and coordination skills	
2. Business Service and Solution (Executive)	Job Description: - Support day-to-day implementation for co-brand Visa card issuance and account opening. - Assist with document collection, data entry and tracking for client onboarding. - Gather KYC/EDD documents; maintain project trackers and status logs. - Coordinate routine follow-ups with Products and Operations and provide general administrative and team support in a lean environment.	5 days 9am to 6pm - Orchard Road
	Job Requirement: - Diploma or above in any field; 0–2 years of experience. - Fresh graduates welcome. - Organized and detail-oriented - Comfortable with repetitive coordination tasks - Fast learner able to pick up tools and processes with minimal handholding - Comfortable in a lean, fast-moving SME environment - Good written and verbal communication.	
3. Business Service and Solution (Manager)	Job Description: - Manage a portfolio of co-brand Visa card issuance and account opening projects end-to-end. - Oversee compliant onboarding for corporate and individual clients; support and troubleshoot remittance account servicing - Serve as the primary coordination point for Products, Operations and clients - Identify process gaps and improvements - Guide junior staff where applicable and report progress and risks to leadership.	5 days 9am to 6pm - Orchard Road
	Job Requirement: - Diploma or above; 4–6 years of experience in project coordination, client services or operations, with fintech/payments preferred. - Strong multitasking and stakeholder management - Able to work with minimal supervision and drive projects to closure. - Entrepreneurial, hands-on and comfortable in a lean SME-style team.	
4. Growth Marketing Specialist	Job Description: Own and optimize app onboarding, engagement journeys, cross-sell and upsell opportunities using UX best practices, funnel metrics and A/B testing.	5 days 9am to 6pm - Orchard Road

Job Positions	Pre-requisites	Working Hours / Location
	• Translate customer pain points into UX and self-service improvements. • Plan integrated ATL and BTL campaigns; lead digital and social strategy; manage KOL/influencer relationships and campaign ROI • Ensure compliance and brand alignment; support go-to-market launches; onboard merchants for customer offers; report against KPIs; and manage agencies, vendors and freelance creators. Job Requirement: • More than 7 years of experience in marketing and/or product/UX roles, ideally in fintech, digital banking, payments or consumer apps. • Proven app-onboarding optimization experience • Strong UI/UX principles • Hands-on ATL, BTL, digital, social and KOL/influencer marketing; data fluency; excellent cross-functional stakeholder management; self-directed and resourceful. • Bachelor's degree in Marketing, Business, Communications, Design or a related field. • Nice to have: payments/cards/remittance, regulated environment or APAC marketing experience.	
5. Product Support Specialist (Junior)	Job Description: • Own incoming product support issues across the consumer app, card products and partner integrations from triage through resolution or escalation. • Reproduce issues and prepare clear bug reports • Investigate using dashboards, transaction records, logs and database queries; track recurring issues; maintain knowledge-base content; support user stories, acceptance criteria, QA, UAT, release notes, training materials and product documentation • Manage project plans and coordinate support, product, design, QA and engineering stakeholders. Job Requirement: • Diploma or Degree in any field; IT, Computer Science, Information Systems or Business Analytics is advantageous but not required. • Strong written English, methodical problem-solving, comfort with technology, strong project management, patience with users, willingness to learn basic SQL/API testing/log reading, and sound judgement with regulated customer and transaction data. • Nice to have: support, QA, testing or product exposure; SQL, Postman, Jira, Confluence, Notion or Figma; basic web/mobile application knowledge • Interest in payments, fintech or financial regulation.	• 5 days • 9am to 6pm • Orchard Road

#3 ARK WEALTH MANAGEMENT SINGAPORE

ARK is leading and pioneer wealth management service provider offering comprehensive one-stop advisory services on global investment and asset allocation primarily for Mandarin-speaking high-net-worth investors.

Job Positions	Pre-requisites	Working Hours / Location
1. Relationship Manager	Job Description: - We are seeking an experienced Relationship Manager specializing in Chinese /Greater China high-net-worth clients. - The ideal candidate will bring a strong network of PRC, Hong Kong, or cross-border clients, deep understanding of Chinese client investment behaviour, and the ability to deliver sophisticated advisory solutions that align with clients' long-term wealth goals. - Acquire, develop, and manage a portfolio of Chinese HNW clients across Hong Kong, Mainland China, and Greater China markets - Provide holistic investment advisory and wealth planning, covering global asset allocation, private market investments, fixed income, and alternative strategies - Work closely with internal research, product, and investment teams to deliver tailored solutions - Maintain regular engagement with clients, offering market updates, portfolio reviews, and long-term planning suggestions - Expand business opportunities through referrals, client events, partnerships, and personal networks - Ensure full compliance with internal policies and regulatory requirements - Participate in cross-border client coverage initiatives and support strategic growth plans in the Chinese market	5 days 9am to 6pm - North Bridge Road
	Job Requirement: 3–8+ years of experience in wealth management or client advisory within: - Private Banking - Securities / Brokerage Firms - Family Offices - Asset Management or Alternative Fund Houses - Wealth Management Platforms - Proven track record of serving Chinese HNW / UHNW clients and achieving AUM or revenue targets - Strong understanding of Chinese investor profiles, wealth migration patterns, and cross-border asset allocation trends - Excellent communication and interpersonal skills, with the ability to build trust and long-term client relationships - Fluency in Mandarin is essential (to liaise with Chinese speaking clients); English or Cantonese (to liaise with Cantonese speaking clients) is an advantage - Degree in Finance, Business, Economics or related disciplines; professional qualifications such as CFA / CFP / CPWP preferred	

Job Positions	Pre-requisites	Working Hours / Location
	Strong business development mindset, attention to detail, and the ability to operate in a fast-paced, client-centric environment	
2. Senior Manager / Director, EAM Channel Development & Relationship Management	Job Description: - New Logo Acquisition: - Build and continuously refine a target-list of Chinese-focused EAMs, MFOs, IFAs, and boutique family offices across Singapore and Southeast Asia — mapped by AUM, client profile, product gaps, and partnership entry points - Lead the full BD lifecycle with prospective EAM partners: first contact, product pitch, mutual due diligence, contract negotiation, and onboarding - Articulate Noah's three-pillar value proposition: licensed channels (MAS CMS / FA), product shelf (Olive Private Markets / ARK Liquid / Glory Legacy), and AI allocation engine - Design tiered partnership models for different EAM archetypes — from pure product sourcing, to white-label platform access, to deep joint-operating models - Partner Success & Enablement: - Serve as the relationship owner for signed EAM partners, coordinating internal resources across product, trading, operations, compliance, and technology - Drive AUM growth and wallet-share expansion from each EAM partner; own quarterly and annual commercial targets - Organize EAM-facing enablement programs — product roadshows, investment views, compliance workshops, RM training — to deepen partners' stickiness to Noah's product shelf and AI toolkit - Drive partner adoption and scale-up of the I ARK Singapore App and upcoming Nexus white-label tools - Product & Execution Coordination: - Bridge EAM client demand with Noah's global product teams (Olive Private Markets; ARK Public Markets, Secondaries and Structured; Glory Insurance & Trust) to drive tailored solutions and pricing - Coordinate across our three Booking Centers — Hong Kong, Singapore, and the United States — to ensure optimal booking and execution for EAM client orders - Monitor product performance and partner feedback; feed insights back into product iteration - Compliance & Risk Partnership: - Work closely with Singapore Compliance, Legal, and Risk to ensure every EAM partnership meets MAS regulatory expectations (FAA / SFA frameworks, FEAT principles) - Lead onboarding due diligence (KYC / AML / Source of Wealth) and ongoing monitoring of EAM partners - Navigate cross-jurisdictional scenarios spanning SG / HK / US / Mainland China - Market Intelligence & Strategic Feedback:	5 days 9am to 6pm - North Bridge Road

Job Positions	Pre-requisites	Working Hours / Location
	• Maintain an active read on the Singapore and SEA EAM ecosystem, and on competitive moves from UBS EAM Desk, Julius Baer, LGT, iFAST, ARTA, and others • Translate market signals and EAM pain points into product and platform requirements; partner with the Nexus HQ strategy team on prioritization Job Requirement: • Must-Have: • 5–10 years of relevant experience in Singapore / Hong Kong EAMs, private banks, foreign wealth institutions, or leading third-party wealth platforms, with at least 3 years in a direct EAM / IFA / MFO-facing BD or coverage capacity • Deep understanding of the EAM business model — revenue structure (retrocession, advisory fee, custody fee), and the operational logic of working with custodians and product providers • Strong command of the MAS regulatory framework: CMS License, FA License, Accredited Investor / Institutional Investor tiering, FEAT principles, and cross-border distribution boundaries • A working commercial network in the Singapore Chinese EAM / MFO / IFA community. Candidates should be able to clearly articulate their target EAM profile and go-to-market approach during interviews (specific names are not required) • Fluent in English and Chinese as working languages. Mandarin is a plus, and the ability to communicate comfortably with Chinese-speaking clients is essential • Core Competencies: • Ecosystem mindset over transaction mindset: You frame every conversation around "helping this EAM build a durable business," not around closing the next single product ticket • Structured communication: You can speak the right language to an EAM founder, a compliance officer, and a CIO — articulating Noah's value from each of their vantage points • Cross-functional orchestration: You can land outcomes across product, ops, compliance, and tech teams • Conviction on AI × wealth management: We are rebuilding the EAM workflow on top of frontier LLMs. You don't need to be technical — but you need to believe in this direction • Preferred • Prior experience at the EAM Desk of UBS / Julius Baer / LGT / Pictet / Lombard Odier, or at platform-model players such as iFAST / ARTA / Endowus / Kristal.AI • Working knowledge of alternatives distribution (PE / VC / Hedge Funds / Private Credit), including product structuring • Hands-on experience migrating offshore Chinese clients from Hong Kong or Mainland China to Singapore booking • Practical understanding of nominee structures, dual tax residency, and SAFE / cross-border capital flow scenarios unique to Chinese clients	

Job Positions	Pre-requisites	Working Hours / Location
	Considered views on how AI-native tools (Claude, ChatGPT Enterprise, white-label conversational agents) will reshape the wealth management workflow	

#4 DEUTSCHE BANK

Deutsche Bank is a leading global financial services institution headquartered in Germany. With operations across more than 50 countries, it provides investment banking, corporate banking, private banking, asset management, and technology services worldwide.

Job Positions	Pre-requisites	Working Hours / Location
1. Private Bank - Client Lifecycle Management	Job Description: - Oversee the end-to-end onboarding and account opening process for HNW (High Net worth) clients - Review and validate all account opening documentation for completeness, accuracy, and compliance with regulatory and internal policies - Ensure comprehensive client risk assessments and escalate issues as necessary prior to account opening. - Conduct thorough KYC due diligence, including identity and address verification, and client profiling, Assess and document SOW and Source of Funds (SOF) in accordance with regulatory and bank policy requirements - Serve as the liaison between client-facing, Compliance, and Operations teams, Contribute to continuous process improvements and control enhancements	9am to 6pm - Raffles Quay
	Job Requirement: - University degree in Banking, Accountancy, or Business Administration. 3-5 years of experience in KYC, client onboarding, or account opening, within Private Banking or Wealth Management. - AML/KYC certifications such as CAMS. - In-depth knowledge of KYC, AML, SOW, FATCA, and CRS requirements. - Strong computing skills, including proficiency with Microsoft applications and openness to technology advancements. - Exceptional attention to detail and documentation quality. - Experience with internal databases for record-keeping and metrics generation. - Proven ability to manage multiple onboarding cases and priorities independently while meeting strict productivity targets. - Excellent interpersonal, presentation, and stakeholder management skills. - Ability to balance client-centricity with business needs and controls. - Quality-focused, problem-solving mindset, responsible, and adaptable to fast-paced environments. - Strong process and project management experience, with the ability to recognize and escalate issues for rapid resolution	

Job Positions	Pre-requisites	Working Hours / Location
2. Private Bank - Client Services Associate	Job Description: - Support Private Banker to provide excellent service to high net-worth clients so as to achieve client retention, and be able to handle daily business-as-usual tasks within the desk and market - Understanding of all desk administration and ability to manage meetings and all arrangements related to the meeting. - Understand client requirements and assist Private Bankers in daily maintenance of account relationships - Act as the client key interface over initiation of clients' instructions, monitor funds for payment, prepare clients' fax instructions, forms and loan disbursement instruction Job Requirement: 3-5 years of relevant Client Service Executive/Sales Support/Assistant Relationship Manager & investment experience at Associate level. - Working experience from the Private Banking or Wealth Management business is a must. - Strong team player, also able to meet tight deadlines and multi-task. - Self-motivated and goal orientated and a 'can do' personality, who is able to work in a high paced environment. - Fluency (written and oral) in English and other language such as the Chinese languages, used in the target coverage market required due to engagement with Chinese client group. - Meticulous, methodical and concise, with a strong attention to detail. - Relevant investment experience, coupled with a good sense of integrity. - Relevant local licenses and qualifications such as CACS Paper 1 and 2 is a must.	9am to 6pm - Raffles Quay
