

INTELLIGENT MANUFACTURING

LKH Precicon is at the forefront of Intelligent Manufacturing solutions to enhance productivity, protect assets, and promote sustainability. Our approach focuses on three essential pillars.

3S Comprehensive Framework for Modern Manufacturing

SMART SOLUTIONS

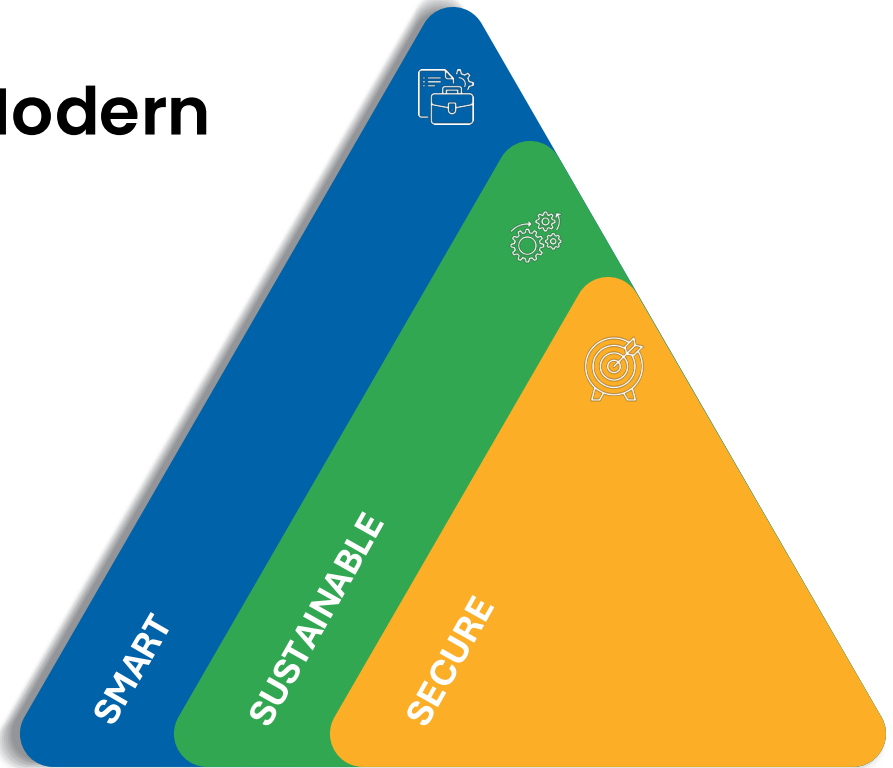

Enhance efficiency and innovation

SUSTAINABLE SOLUTIONS

Optimize energy use and fulfill environmental responsibility

SECURE SOLUTIONS

Protect against cyber threats that compromise your Operation Technology (OT)

SECURE

SOLUTIONS

Is your OT secure enough against cyber threats?

Most Industrial Control
System lack security by
design

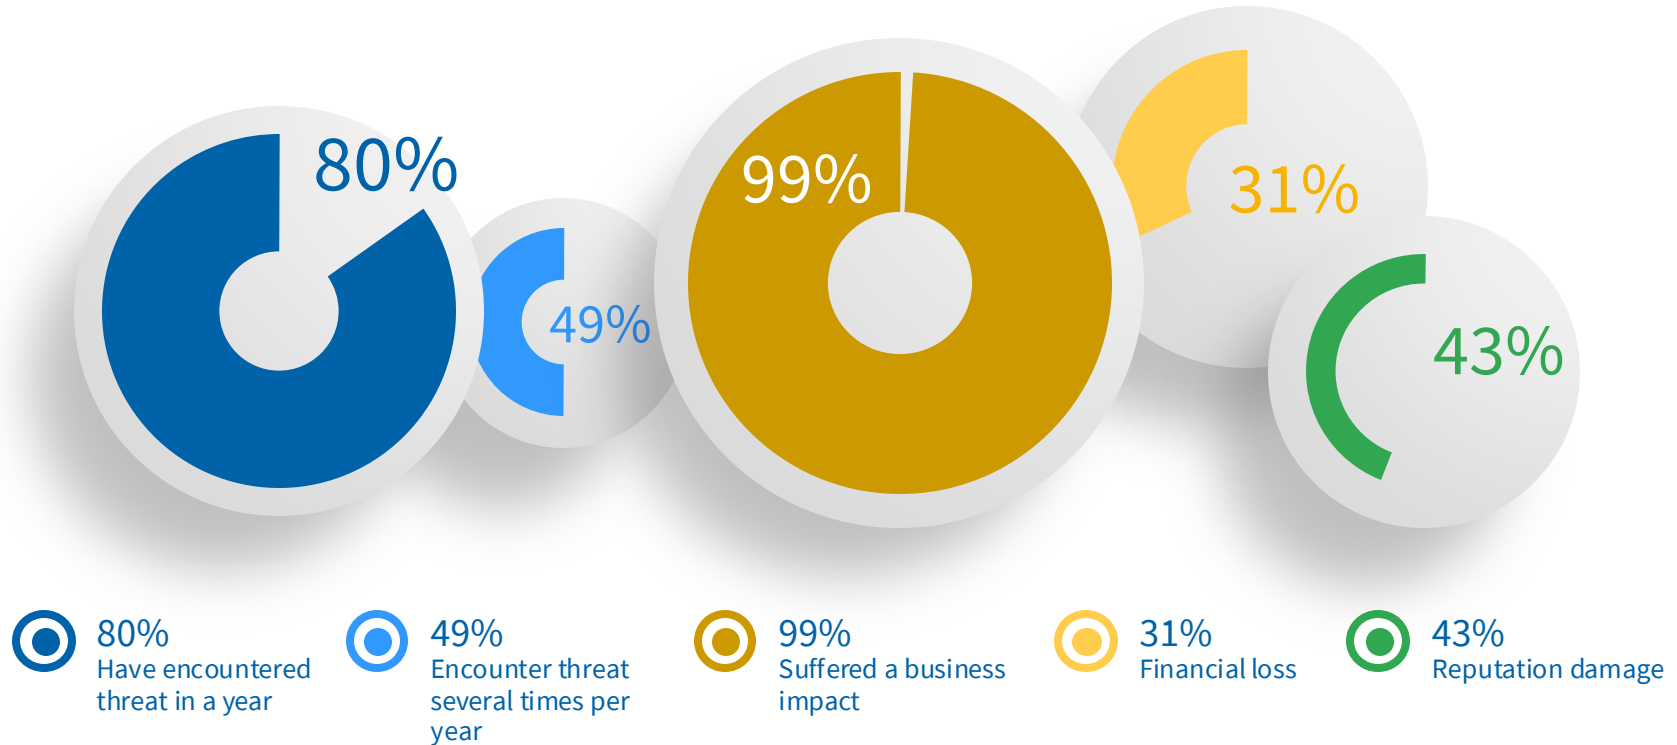

**Increased
modernization of
my factory
demands an IT-OT
convergence**

Third party reliance
such as OEMs and SI
exposes systems to
additional risks

**Data is
primordial. Losing
them can be very
costly for my
production**

Remote access by
employees and 3rd
parties exposes
us to risks

Cybersecurity Threats Affect Singapore Businesses

Challenges in Implementing Cybersecurity

Reasons why businesses lack Cybersecurity

Many businesses perceive cybersecurity as a low-priority concern, often viewing it as a future risk rather than an immediate necessity. This mindset can leave organizations vulnerable to cyber threats, which are becoming increasingly sophisticated and frequent. Proactive security measures are essential to prevent data breaches, financial losses, and reputational damage.

PRECICON **SECURE** SOLUTIONS

1. **EVOLVE WITH INFRASTRUCTURE**

Reduce the need for **expensive upgrades** or overhauls of existing OT assets.

3. **BEST-IN-CLASS PARTNER**

Partnering up with **FORTINET** to provide a seamless OT Security Platform

2. **COMPREHENSIVE PROTECTION**

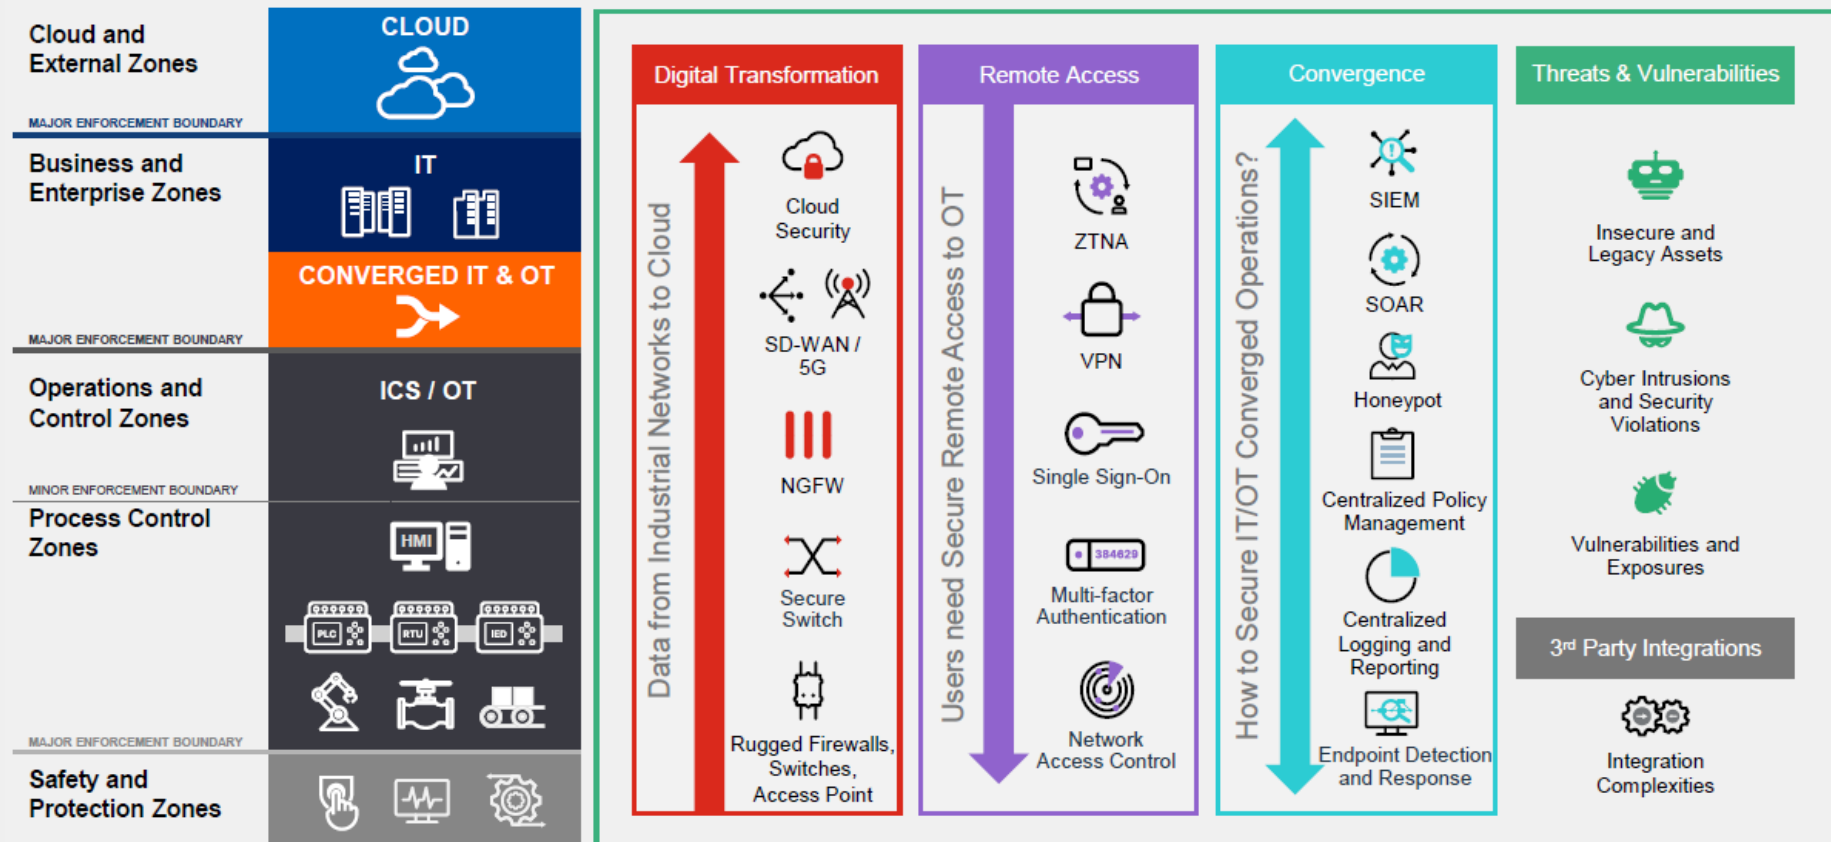

Providing secure digital networks for **various operational layers**

4. **MANAGE IT AND OT SECURITY EFFICIENTLY**

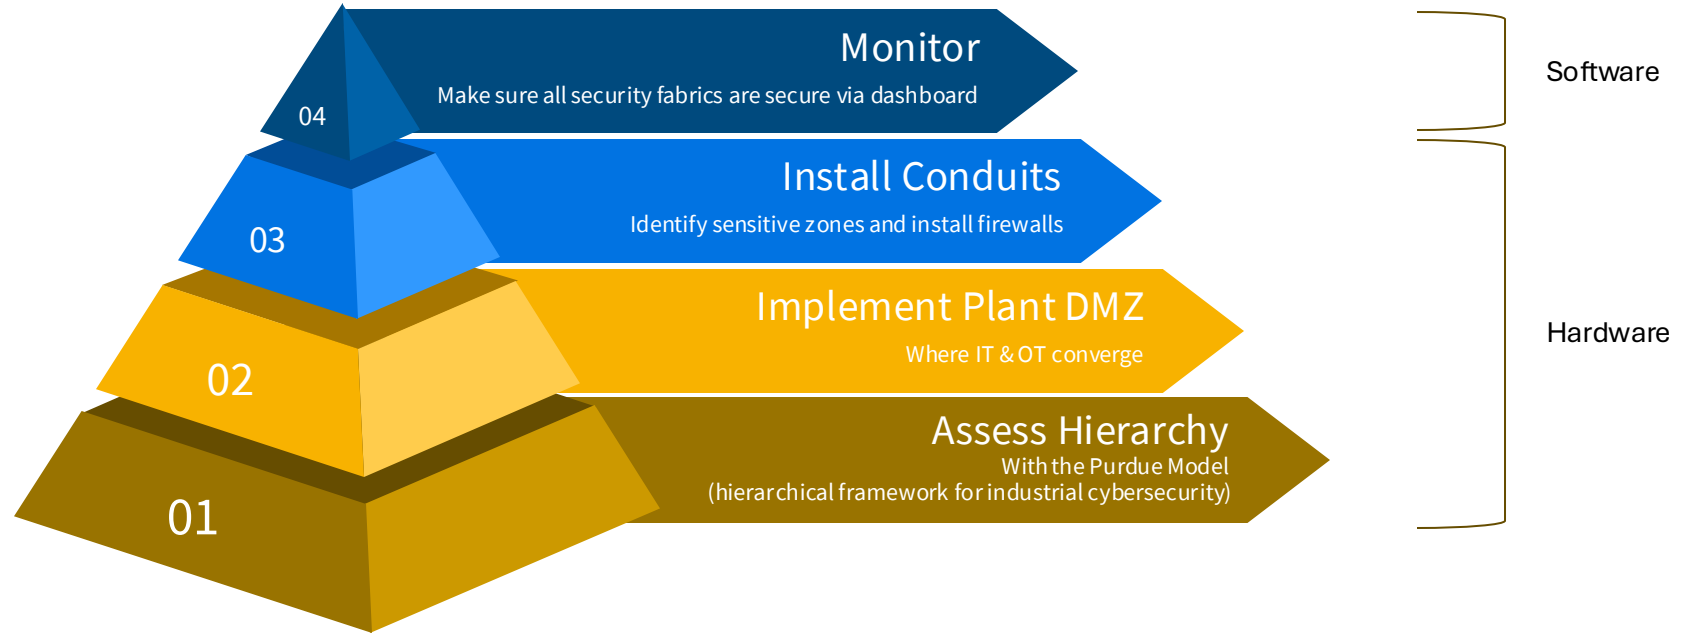

Quick implementation **across diverse environments**
